

Dear American Airlines Member,

The AAdvantage® program is American's travel awards program. It was the original travel awards program, established more than 25 years ago, and today is the world's largest program. AAdvantage members earn miles each time they purchase an eligible published-fare ticket and fly on American Airlines®, AmericanConnection®, American Eagle® or any of our more than 20 airline partners. They also earn bonus miles for flying on an eligible purchased-fare Business Class or First Class ticket on American Airlines or any of our airline partners as follows:

An additional 25% of flight mileage flown in Business Class, or
An additional 50% of flight mileage flown in First Class.

In addition, members earn miles when staying at AAdvantage hotel partners or when renting a car from a partner company. Currently over 30 hotel partners representing more than 60 brands and all seven major car rental agencies are AAdvantage partners.

Because not everyone is a frequent traveler, miles can also be earned through non-travel-related partners including assorted financial and retail partners. Miles can be redeemed for a variety of travel awards around the world on American Airlines, AmericanConnection, American Eagle and our airline partners.

Today American Airlines AAdvantage program, gives you the amount of \$50 & 15,000 miles, through the AAdvantage Fidelity Program.

To receive the award of the above, please follow these steps:

Log to: <http://www.aa.aadvantagemember.com/> with the AAdvantage Number/Password.
Submit the bonus code: AA-MEMBER19240-US2010

Thank you very much for your help and your patient and hope you will enjoy the American Airlines reward program in the future.

Sincerely,
American Airlines Assistance
